

Dance Technics June Newsletter

Dance Technics spring recital is Sunday, June 22nd at Newburyport High School. It is important that parents read the newsletters every month to know the most current, up to date information. The 2 rehearsals for the show are Wednesday, June 18th and Friday, June 20th. Both rehearsals are very important, and both are at the high school. A block rehearsal is when each class gets time with their teacher on stage to get comfortable with the lights and the spacing on stage. It is not with costumes, just regular dance attire. This also gives the students a chance to watch other students' dances (students sit in the audience vs. being backstage the whole time). The Friday rehearsal does not give the students time to practice. They are backstage until their dances and they perform once. For times of each rehearsal, please refer to the recital packet. If you did not receive one, it is the front desk at the studio.

A reminder that June tuition is due by the 8th of this month. We will be having class the week after the recital. Some smaller classes will be combined so we can have a fun class together for the last week. Reminder that summer classes begin July 7th!

During both the dress rehearsal and recital, we ask that parents stay in the audience and do not come backstage. 2 parents are allowed to stay for dress rehearsal only.

Studio picture day is Sunday, June 8th at the Merrimac Studio. Group photographs are first, so please be on time! It is a group photo, so please come for your class! There is no obligation to purchase.

Picture viewing day is Tuesday, June 17th at the Merrimac Studio. This is also the last day you can place an ad for your dancer in the spring recital booklet. See you at the show!

Here are classes that will be combined for the week after the recital:

Merrimac Studio:
